FRED HYATT DEAD!!

Bad news indeed travels quickly. I received word of Fred's untimely death while vacationing in the Detroit area about two days after it happened. I only met Fred briefly, at AvalonCon II while he was DIPping against Paul Saunders *et alia*. We only crossed wits in his own variant "Colonia VI", which he co-won. He'll be missed as a pubber, a player, and as a steady hand on the hobby. Please keep him and his family in your prayers.

ALTERNATE ALERT: Fred's Turkey in "Boris VIII" is available and Martin Cohn's France in "Boris VII" may be. Interested parties are requested to send the build for that position. Also, would David Anderson please submit orders for Chris Bodkin's BGs in "Dune". About half of our STELLAR CONQUEST players have yet to send orders; these positions will be available after the next deadline. See the appropriate games for details.

BORIS'S BULLETIN BOARD

THOUGHT FOR THE MONTH: "Corruption wears infinite disguises."
-Tieilaxu Thu-zen

Congratulations are in order to Paul Saunders who has been selected to attend Joint Military Intelligence College to study for a masters degree in Strategic Intelligence. Paul was one of only 20 chosen from throughout the Defense Department. Now if he could just remember to mail his orders in on time...

Chuck Bahl will be publishing a census of HISTORY OF THE WORLD players in his Jan '95 issue of *Declination* (due out around 1 Dec). If you want your name included let him know before 1 Nov. His address is 1281 Ashcroft Lane, San Jose, CA 95118. Alternatively, let me know with your next orders and I'll pass on your name. Who knows, maybe there's a player only a couple of blocks away!

The Fall semester has already started down here. Those of you who tend to phone in orders should avoid phoning before 10 PM Central Time on Tuesdays and Thursdays if you want to talk to me. And never phone while a Notre Dame football game is being televised. This latter applies especially to those in games with Wormtongue who specializes in Saturday morning negotiations.

BOOS & KUDOS

This month's Madame Bolduc Press Excellence Award goes to the author of the article in "Boris VIII" datelined *Athens Advocate*.

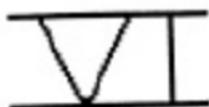

This month's Ma Nr Super-Sudsy Bomb goes to Martin Cohn for NMRing. Why is it that those who live closest get there orders in first (if at all)?

The Duke Returns!
Austria Grinds It Out!
Spring 1909

1994RS

WALL STREET JOURNAL - Rumours of the Duke's incapacitation seem to be mere agitprop of the now-desperate cronies of the deposed Lord Flapjack, but the overall situation is evolving in Archduke Morrison's favor. La Belle France should not be able to withstand the Crimson Tide from the East and even Tsar David is taking it on the chin. The Duke of York can scavenge and accelerate things to a conclusion or bolster France and Russia in hopes of damming and eventually reversing the Tide.

In the meantime, the French military has been paralyzed and rather getting the worst of it from what appears to be an Anglo-Italo-German alliance. MOSCOW-PARIS & BERLIN: Beware of tea drinkers' (English) efforts to stamp out vodkas drinkers (me, Russia) then wine and beer drinkers (France and Germany). Alcohol drinkers, makers unite to get rid of tea drinkers.

BORIS WORLD PRESS REVIEW

Neuer Zuercher Zeitung—The invasion of Prussia by the Russians after giving aid to them for so long has shocked the German people into a vengeful counterattack. A new government in London has also help to change the direction and priority of the defeat of our new foe from the East. The die is cast; Tsar you should have continued South instead of trying to grab an ally's territory. (Berlin Diplomatic Pouch intercepted by Southern Power).

CLASSIFIEDS

The second invasion of PRU by the Russian can not be overlooked again, severe and quick action is now under way to throw the foe back and strip him of the means to make war on the German people.

Ooooh! Sounds like someone has been reading Clausewitz!

BERLIN--Tea drinkers will not be allowed on the continent.

BORIS WORLD PRESS REVIEW

Athens Advocate: Reliable sources have confirmed the existence of an underworld cartel known as WOW, that has infiltrated the governments of Europe's major powers. High officials as far away as England and as near as Italy & Russia have enlisted in this shadowy group and sources claim that WOW stands for Wipe Out Wormtongue! Reportedly these government officials have pledged to work in

concert until the downfall of the dual monarchies or the coming of the world cup. In a related story, Austria is reportedly financing development of a new sport called Soccer.

Closer to Home: The Mincing Macedonians have won the Athens Dance Festival. The sequined, pointed shoes, colorfully embroidered hats and short, white pleated skirts bouncing in the bright sunlight were the real hit of the show. And next year they're going to let women dance too.

Deutschland Herald--Fortifications are being jointly built by French and German armed forces in HOL and BEL to stop English colonialism.

OPERATING ROUND 6.1

Morrison collects \$5 from SVN&RR. Fisher collects \$10 from C&StL. Butitta collects \$25 from the C&A, and NYC collects \$35 from the D&H and the M&H.

PA: Lays Tile #27 in I17(w). Play token in H10 (\$643-100 = \$543). Run H10-H16-I15 (\$110). Pays dividend (DC+\$55, JB+\$44, PA+\$11), so price goes to D130. Buy 4-train (\$543+11-300 = \$254).

C&O: Lay Tile #9 in H6. Play token in H16 (\$480-100 = \$380). Run F6-G7-H10 (\$70) & H10-H16-I15 (\$110). Pay dividend (CCH+\$90, WMM+\$72, JB+\$18), so price moves to A112.

B&O: Lay #14 in J14(se). Run K13-J14-I15 (\$110) and I15-H16 (\$80). Pay (MQ+\$35, CCH+\$38); price goes to D90.

NYNH&H: Lay #53 in E23(w). Run G19N-F20-F22 (\$100). Withhold, so price dips to K30 (now in the Brown). Buy 4-train (\$271+100-300 = \$71).

NYC: Tile #14 in E19(se). Run E19-G19N (\$90). Pay dividends (RBF+\$36, MQ+\$9, NYC+\$9); price rallies to K30b.

We'll start again since a) Our date and show schedule, b) we're gonna be in the same city, c) privates are likely to die this OR, and d) I got at least two requests to do so. Due next time are orders for OR 6.2 and SR 7. Quist has the Priority Co. I'd expect to see the B&M and perhaps the Erie started.

Werturteil: The sale of the first 4-train lowered the train limit for the Minors to 1; therefore #6 turned in a 2+2-train which WT then bought. **WARNING:** 1830 tiles and 1835 tiles are not always numbered on the same edge. For instance, the #7 and #8 tiles are numbered on the opposite ends of the track. Do not use 1830 tiles when planning your 1835 moves and vice versa.

RULES CHECK: One of the players wanted to add fractional support to POCKY to take control of Z. Sorry, the only time fractional support can be given is when an IP tie occurs. When control is settled, fractional IP can neither be withdrawn nor added until control is lost and another IP tie occurs. We could vote otherwise as a house rule on the next go round, mate.

Maybe I'll have to write a DUNE adjudicator too.

| Zieski | Purple | Sextus Sartorius | | | |
| Zieski | Blue | Quintus Quintus | | | |
| Frylingi | Black | Flippus Maximus | | | |
| Frylingi | Red | Marcia Victoria | | | |
| Anderson | Green | Medius Deviculus | | | |
| Anderson | White | Angela Amazonae | | | |

We have Anderson, Cox, Fryling & Zieske signed up. I need chariot prep points from Cox before we can start. And there is room for a few more. For that matter, would each of the factions above enter a third chariot? If all else fails we'll race three teams of three, but open things up to the campaign rules (skullduggery and all that). Then again Kid K could run "Kiddus Kayus" and "Tyrone"...

MAGIC REALM

Bart & Co. Didn't Make House!
Game Over!

The Cast

| | |
|--------------------|---|
| John Butitta: | "Moondoggie" the Sorceror (Bushytail, Misty) |
| Scott Cameron: | "Wulf Ironhelm" the Berserker (deceased) |
| Marcel Carbonneau: | "Black Bart" the Black Knight |
| Don Chinnery: | "Amber Rose" the Amazon |
| Don Farrow: | "Scitch" the Witch King (Ribbit Silky) |
| Richard Price: | "Woolly" the optional Wizard (retired) |
| Jack Shacklett: | "Sir Jordan" the White Knight (retired) |
| Michael Tsuk: | "Fang Gulfwolf" the Berserker |
| | "Capt Avalon" the optional Captain (deceased) |

ERRATA: Bart & Co. used five phases to get to the House for their intended slaughter of the Soldiers, so they didn't make it. Too bad, thwacking them would've got Bart the notoriety he needed to finish in first place.

GT = Great Treasures, Not = Notoriety, VP = Victory Points. X/Y points got (X) versus points wanted (Y). ? = can't find VP level (never submitted or lost). Under Gold x-y/z: x = gold on hand, y = 10 starting gold + cost of starting weapon and armor, z = gold for victory point.

PRESS:

JACK: Parting is such sweet sorrow.

JOHN: Well, Moondoggie survived—which is a victory of sorts.

MARCEL: Thanks for an instructional game of MR.

GM: I agree with John, surviving should be considered minimal win. Sir Jordan and Woolly were clearly doing well. Scitch and Moondoggie started off well, but tapered off, and Fang and Amber Rose sort of just muddled through. Bart's plan of killing anything that moved was workable. Methinks he should've gone after one of those six-packs of goblins to give both his F&N a boost; the axe goblins would've been ideal. Four more N would've saved him -8 VP.

Overall, cleanly played. At present we only have Carbonneau, Chinnery, and Osborne signed up for a second game, which really isn't enough. When we get six or so, we'll see if we can fit in a sequel. Besides, my Set-Up Card is missing. Best guesses are that it's either buried in my scrap paper pile (I hope) or that it went out with the old newspapers. If it hasn't shown up by Thanksgiving, I'll order a new one on my annual ELITE Club purchase, which was earned, by the way, on the definitive article (since it was the only one) in *The General*, 21, #6 on how to play the Witch King under the 1st Edition Rules. The 2nd Edition Rules article was started years ago, but lots of local players, BORIS, and the teaching gig have squashed much development of it. But I digress too long. Thanks to all the players for (usually) coherent orders and workable combat orders. I admit my bookkeeping should've been better, but the 1box games tended to eat the lion's share of "Boris Weekends" prompting the "I'll get to that next time" syndrome. Anyway, the above is as best as I can figure. If you have any significant arguments, state them here before the next deadline or "forever hold your peace".
